

FOOD & BEVERAGE STANDARD OF DELIVERY

Every guest of the Greater Gulf State Fair should expect to receive a quality of standard of Food and Beverage Delivery that adheres to the following guidelines:

- All vendors MUST keep their concessions, equipment, and prep stations clean.
- Back-of-house areas should NOT be visible to patrons. Use screens or fencing to conceal the back-of-house.
- Power cords and water hoses should be neatly contained to prevent injury.
- No hand-written signs.
- All employees should be neat and clean in appearance.
- No greywater or grease deposit on the ground.

We will be issuing warnings to vendors who violate these policies. A fine will be issued to any vendor not in compliance by Friday, October 30 at 3:00 pm. In addition, the violating vendor will risk not being invited back in the future. Please see photos below for examples of what GGSF expects from its concessionaires.
